"Not good. Get out of there. Don't worry I got this. "

Spec Ops slowly crawls under the camouflage mesh sheet that covers the stack of crates at his side as Guard 3 approaches his area.

Spec Ops stares out through the mesh sheet as Guard 3 approaches the container. Stops in front of it. His back to Spec Ops.

Spec Ops makes a mad dash around the container and onto a dirt path.

"Good plan. I'm in the open here."

"I KNOW. I'm thinking. I'm thinking. Stay as close to the perimeter as possible. You've got two more guys approaching from your right. You're headed for the ammo bunker. It's straight ahead of you once you reach the fork."
